TEAM: Kenny's Boba!
Team members: Jacob Sagun, Kenny Do, John Michael Fernandez
Description: Our group is thinking about building a Boba store ordering system which takes order based on customers' wants. Software may include but not limited to managing orders, keeping track of staff, inventory, finals sales, and daily report.

1) Staffing and scheduling
2) Displaying hours of store
3) Greeting customers
4) Displaying menu and prices
5) Ordering bubble tea of choice (mango, strawberry, peach, Lychee) and toppings
6) Based on order; update inventory
7) Give alerts when inventory is low
8) Announces whos drinks are ready after drinks are made
9) Give total cost (receipt)
10) POS system
11) Daily report (profit/inventory)
